

CORPORATE RESUME

Tracy V. Healy, REFP

President

Tracy Healy is the current president of DeJONG-HEALY, a new affiliate of DeJONG, where she was a former vice president and one of its founding members. In her new role, Tracy will continue to focus on demographics and facility planning projects.

With a master's degree in English, experience in city and regional planning, and time spent teaching in the classroom, Tracy is well equipped to meet the needs of clients. She combines 15 years of experience with her desire to enhance learning environments for students around the world.

One major area of focus for Tracy is in projecting student enrollment for school districts involved with the Ohio School Facilities Commission. To date, projections for over 450 districts have been completed including the six major urban districts: Columbus, Cleveland, Cincinnati, Dayton, Toledo, and Akron.

Tracy is involved with CEFPI, the Council of Educational Facility Planners, International. She currently serves as the Ohio Governor for the Midwest/Great Lakes Region and was the chair of the 2005 regional conference held in Columbus. She has received several awards from CEFPI, including most recently a Distinguished Service Award in 2005.

Tracy has also worked as a Senior Planner for the City of Columbus Planning Division. She is the author of several articles.

NOTABLE EDUCATIONAL PLANNING EXPERIENCE

❑ **OSFC Enrollment Projections**

Tracy has worked with the Ohio School Facilities Commission team to develop ten-year enrollment projections for Ohio school districts entering one of the many OSFC programs since 1998. To date, enrollment projections have been completed for over 450 districts, and updates are made to the projections as needed. In addition, enrollment projections for the six largest districts in Ohio are reviewed and updated on a regular basis.

❑ **Olentangy Local Schools, Ohio**

Tracy has worked with Olentangy Locals Schools, one of the fastest growing Districts in the state of Ohio, since 1998. Every year, the ten-year enrollment projections for the district are updated. In addition, Tracy has developed a building-out scenario for the District as well as enrollment projections by housing subdivision for the elementary and middle grades.

❑ **Granville, Ohio**

The suburban Granville has grown rapidly as a result of its excellent school district. Tracy assisted in the development of enrollment projections, a facility plan, and a strategic plan to prepare for the rapid changes. As a result of this planning, educational specifications for an several school renovations and a new intermediate school. Enrollment projections are updated regularly. Tracy just completed a new middle school educational specification this spring.
